

25 01 2021

Il futuro è adesso. Siamo pronti. Si chiama tecnologia e innovazione. The future is now. We're ready. It's called technology and innovation.

“La nostra serietà, la qualità dei prodotti, la lavorazione che ci viene riconosciuta impeccabile, rinnovano ogni giorno la fiducia in **BRX** di tanti Clienti. Di quelli nuovi e di quelli che nel tempo sono diventati amici. **Ci rende orgogliosi vedere tanto apprezzata l'alta tecnologia dei nostri banchi.** Quelli a pozzetto, per esempio, mettono **BRX** al vertice delle preferenze dei tanti che operano nei settori gelateria, pasticceria, bar.

Tutti insieme abbiamo fatto un buon lavoro. Quello che continueremo a fare.
Ma è il momento di fare un passo in avanti. Perché il futuro comincia ora. Si chiama tecnologia e innovazione. Siamo pronti: per passione di imprenditore e per arricchire la nostra offerta a chi ci sceglie.

I nostri banchi tecnologici saranno “vestiti” e abbinati a complementi d'arredo. Saranno mensole, scaffali, tavoli, sedie, fioriere... Vestiremo di bellezza la qualità, in poche parole. Vi ascolteremo – precedendovi, se ci riuscirà – e proporremo sempre novità puntando al meglio, fuori dagli schemi.
Qui, per voi, molte **“famiglie tipologiche”** che arredano ognuna con carattere proprio. Che sono la fantasia, il garbo, la vivacità, l'eleganza. Sono ottime famiglie le nostre, con solide tradizioni e, siamo certi, limpidi futuri.

Roberto Rovere

“With the highest standards, excellent product quality and impeccable workmanship, **BRX** is delighted to serve large numbers of customers on a daily basis. Both new acquisitions and long-standing friends. **We're proud to see the popularity of our high-tech counters.** Our pozzetti units, for example, make **BRX** a firm favourite with many ice-cream and pastry outlets and bars.

All together, we've done an excellent job. And we'll keep on doing it.
But now the time's come to take a step forward. Because the future starts now. It's called technology and innovation. We're ready: with a passion for our business, to expand the choices for people who choose Brx.

Our high-tech counters will acquire new finishes, and be offered alongside other furniture. Shelves, tables, chairs, flower troughs ... Adding beauty to quality.
Responding to – and even anticipating – your needs, we'll constantly be offering innovation, delivering the best, thinking outside the box.
So here, for you, are our **“type families”**, each of them with its own outfitting character. Imagination, good taste, vibrancy, elegance. We have eight families, grounded in tradition and destined for a great future.

Roberto Rovere

MYX

Programma articolato di sistemi operativi che fondono materiali, colori, dimensioni per dare vita a look sorprendenti.

A well structured programme of operating systems that combine materials, colours and dimensions for eye-catching looks.

I famosi banchi tecnologici di **BRX**, alta tecnologia per materiali di prima qualità, si vestono e le novità sono tante. Tipologie originali e ricche di elementi. Mensole, scaffalature, complementi. Componibili o accostabili, varie per dimensioni, vestono pareti e retrobanchi e sono veri elementi d'arredo.

MYX si sente a proprio agio in ogni tipo di spazio in cui occorra riporre, esporre e ordinare oggetti rimovibili manualmente. La tecnologia alla base delle tante proposte di queste pagine – che non si fermeranno qui, tanta è la passione che ci spinge a lavorare – è quella ben conosciuta di **BRX** con gli alti parametri che le sono propri nei materiali e nella lavorazione di qualità.

Le “**famiglie**” presentate di seguito sono diverse fra loro, frutto di analisi delle diverse esigenze dei fruitori. Acciaio e cristallo, alluminio e nobilitati legno si declinano in elementi e tipologie che saranno ampliati continuamente per dare nuove risposte e nuove idee. Come la serie dei complementi. **Molti di questi sistemi sono stati progettati e prodotti per il settore HORECA** (Hotel, Ristoranti, Caffè) **ma si prestano a essere utilizzati in casa e negli uffici. L'utilizzo non ha limiti: dalle grandi superfici ai piccoli punti vendita, agli angoli relax e di sosta nei caffè.**

The famous high-tech **BRX** counters, with their top quality materials, now have a range of finishings, with lots of new ideas. Original types with a wealth of elements. Shelves and shelving systems, furniture. Modular or independent, with different sizes, they clad walls and bar-back areas as genuine interior design features.

MYX is at home anywhere there is the need for storage, display and tidy arrangement of items kept within reach. The basic technology of the many compositions illustrated here – and endless others, given our passion for what we do – is the well known **BRX** system, with its famed choice-quality materials and workmanship.

The “**families**” shown below are different, responding to the needs of different categories of users. Steel and glass, aluminium and wood-look melamines, on a range of units and types constantly expanded to embrace new ideas. Like the furniture range. **Many of these systems have been designed and produced for the HORECA** (Hotel, Restaurant, Catering) **sector, but are also great for homes and offices. There are no limits to their use: from large areas to small points of sale, lounge corners and coffee bars.**

Green è bello. Unisce e separa. Green is beautiful. For uniting and separating.

72

BLACK BOARD

C'era una volta la lavagna di scuola. Remember those old school blackboards?

JOINT

Di tutto, di più. La fantasia in uno schema ordinato e minimalista.
Everything you could need. Boundless imagination in a tidy, minimalist system.

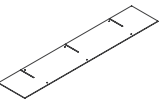

Le lastre di metallo a incastro danno il via alla massima componibilità. Gli espositori/contenitori si avvalgono di **un gran numero di elementi per una configurazione orizzontale e verticale** teoricamente senza fine. La linearità netta e pulita rende **Joint** ideale per arredare le pareti di ogni spazio pubblico e privato.

The interlocking metal sheets mean Joint is absolutely modular. The display/storage units have a large number of elements for theoretically **endless horizontal and vertical compositions**. The clean, elegant, lines make **Joint** ideal for furnishing the walls of any public or private space.

FLOWER

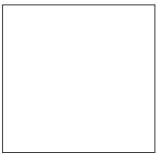

Green è bello. Unisce e separa.
Green is beautiful. For uniting and separating.

Niente è casuale con **MYX**. Presta attenzione anche ai dettagli a cui non si penserebbe. **Fioriere che arredano, danno personalità e sono funzionali alla divisione degli spazi** e alla creazione di isole verdi e fiorite. Per interno ed esterno. In acciaio semplice o lavorato.

Nothing is left to chance with **MYX**. It takes care of the details most people forget. **Flower troughs add style and personality and are excellent for dividing spaces** and creating islands of flowers and greenery. For indoor and outdoor use. In plain or decorated steel.

BLACK BOARD

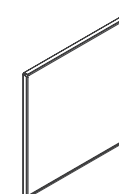

C'era una volta la lavagna di scuola.
Remember those old school blackboards?

E c'è ancora. Anzi, oggi, la lavagna è diventata un vero e proprio elemento di design.

Una tendenza che arriva dalla scuola e dall'industrial style, con l'intento di rendere ancora più piacevolmente abitabili gli spazi. Qui la **Black Board** proposta in due misure con bordi in legno. Pensata per una simpatica comunicazione. E, sì. C'è anche il porta gessetti.

They never went away. In fact, these days blackboards have become a real design feature. A trend derived from schools and industrial style, to add appeal and convenience to interiors. Our **Black Board** comes in two sizes with wooden edges. For communication with charm. And, of course. There's a chalk tray, too.
